

A Comprehensive Review of the Yearbook On International Investment Law Policy 2012-2013

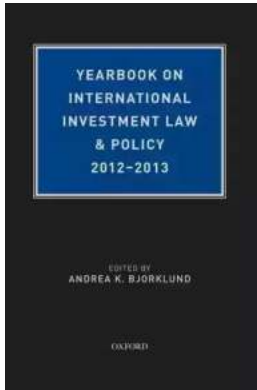

Investment law and policy play a vital role in shaping global economic activities and facilitating foreign investments. The Yearbook On International Investment Law Policy (YIILP) serves as a comprehensive resource for scholars, practitioners, and policymakers interested in understanding the latest trends and developments in this field. In this article, we will delve into the 2012-2013 edition of the Yearbook and explore its significance in international investment law and policy-making.

The YIILP 2012-2013 edition presents a compilation of articles written by renowned experts in the field. These articles cover a wide range of topics relating to international investment law and policy, including disputes between states and investors, regional investment agreements, sustainable development, and the ongoing challenges faced by emerging economies in attracting foreign investments.

One key feature of the Yearbook is its ability to analyze and provide insightful commentary on important investment arbitration cases. Some of the landmark cases discussed in this edition include Philip Morris v. Australia, Vattenfall v. Germany, and Yukos Universal Limited v. Russia. These cases have played a significant role in shaping the interpretation and application of investment treaties and investment protection standards.

The YIILP 2012-2013 edition also focuses on the evolving landscape of investment dispute settlement mechanisms. It sheds light on the growing popularity of investor-state mediation as an alternative to traditional arbitration processes. This edition explores the advantages and challenges associated with mediation, highlighting its potential to enhance transparency and promote greater cooperation between investors and host states.

Furthermore, the Yearbook examines the relationship between international investment law and sustainable development. It discusses the need to strike a balance between protecting investors' rights and promoting environmental and social sustainability. The articles in this edition critically assess the role of investment treaty arbitration in addressing sustainability concerns and propose novel approaches to ensure investment activities contribute positively to the host state's socio-economic development.

In addition, the Yearbook offers valuable insights into the regionalization of investment law and policy. It analyses the proliferation of regional investment agreements and their impact on global investment governance. The 2012-2013 edition includes comprehensive studies on the Trans-Pacific Partnership, the African Union Investment Protocol, and the Brazil-Chile Agreement, among

others. These studies provide a thorough understanding of the practices and norms emerging at the regional level and their implications for global investment governance.

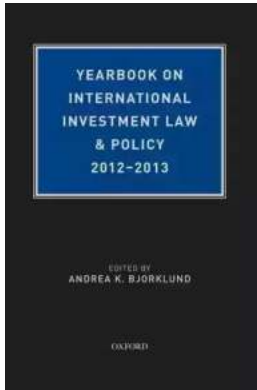

Another significant theme explored in the Yearbook is the challenges faced by emerging economies in attracting foreign investments. The articles in this edition highlight the importance of effective investment policies and legal frameworks in creating a favorable investment climate for these economies. They discuss strategies for enhancing the investment attractiveness of emerging markets, such as improving infrastructure, promoting stability and predictability, and streamlining regulatory processes.

, the Yearbook On International Investment Law Policy 2012-2013 serves as a comprehensive review of the most pressing issues in international investment law and policy. Its articles provide valuable insights into the latest developments, challenges, and opportunities in this dynamic field. Today, international investment law consists of a network of multifaceted, multilayered international treaties that, in one way or another, involve virtually every country of the world. The evolution of this network raises a host of issues regarding international investment law and policy, especially in the area of international investment disputes. The Yearbook on International Investment Law & Policy 2012-2013 monitors current developments in international investment law and policy, focusing on recent trends and issues in foreign direct investment (FDI). With contributions by leading experts in the field, this title provides timely, authoritative information on FDI that can be used by a wide audience, including practitioners, academics, researchers, and policy makers.

Contributions to the Yearbook on International Investment Law & Policy 2012-2013 cover the 2012-2013 trends in international investment agreements, the Foreign Direct Investment (FDI) trends, and the challenge of investment policies for outward FDI, as well as a review of 2012 international investment law and arbitration. This edition contains essays from the Symposium on Sustainable Development and International Investment Law: Bridging the Divide. Also included are general articles providing an analysis of arbitral tribunal practice regarding the applicable law to state contracts under the ICSID Convention in the

Twenty First Century; the role of municipal laws in investment arbitration; the status of state-controlled entities under international investment law, the US and the Trans-Pacific partnership (TPP); new 2012 US Model BITs; and the Regulation of FDI in Bolivia. This volume concludes with the winning memorials from the 2012 FDI International Moot Competition.
