Imagine gazing at the vast Siberian plains, witnessing the majestic Ural Mountains, and crossing the legendary Trans-Siberian Railway that spans across Russia. Get up close and personal with nature, interact with locals at various stops, and have the freedom to create your own adventure.

Planning Your Itinerary

Before you embark on this exciting adventure, it's essential to plan your itinerary well. With a rail journey of this magnitude, the options are vast, and you can tailor it to your preferences. Here's a glimpse of what your itinerary might look like:

Beijing, China: Start your journey in the heart of Beijing, exploring historic landmarks such as the Forbidden City, the Great Wall, and the Temple of Heaven.

Ulaanbaatar, Mongolia: From China, cross into Mongolia and witness the vast steppes, visit nomadic tribes, and experience the unique culture of this enchanting country.

The Benefits of Alt Attributes

When it comes to optimizing your website for search engines, utilizing alt attributes is crucial. Alt attributes describe the content of an image and provide context for search engines that can't interpret images. For example, instead of simply including an image of the Beijing skyline, use a descriptive alt attribute such as "Stunning view of the Beijing skyline at sunset." This allows search engines to understand the image and potentially rank it higher in relevant searches, ultimately driving more traffic to your website.

Moreover, alt attributes enhance accessibility for visually impaired individuals who rely on screen readers. By providing descriptive alt text, you enable visually impaired users to understand the content of images on your website, improving their overall user experience.

A Captivating Rail Adventure Awaits!

From Beijing to Berlin, this extraordinary rail journey is not just about reaching your destination – it's about the thrilling experiences and memories you create along the way. From the acclaimed author of *Nothing to Declare*—a powerful travel memoir chronicling the author's 1986 trip through China, Russia, and Eastern Europe and her search for roots, family, and her ancestral home in Ukraine.

Traveling across China and Mongolia to Russia on the Trans-Siberian Express and finally on to Berlin, Morris views the changing landscapes of nations and history. She encounters and converses with a colorful assortment of people from party-liners to dissidents, from ordinary men and women to the Moscow elite.

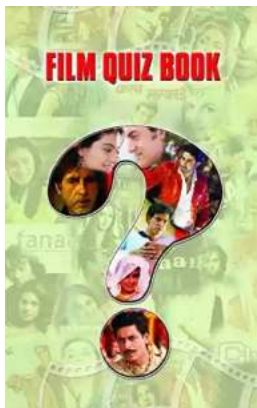

Her journey, however, occurs against the backdrop of the nuclear accident at Chernobyl. On the train and in Russia, Morris hears terrifying, contradictory reports of the condition of the region so near her intended destination outside of Kiev. In midst of this anxious situation, she is forced to make a momentous decision a continent away from family and loved ones, adding a complex inner counterpoint to the public crises unfolding around her.

Bringing her skills with foreign languages and her facility with people to this journey, Mary Morris once again proves that she is, in the words of Times magazine, “a fascinating guide, with an eye for the brutal, the garish, the silly and the bizarre.” Wall to Wall is a powerful travel memoir illuminated by the unique sensibility of one of our finest writers.
