“An absolute gem of a history” for the Confederacy’s Branch-Lane North Carolina Brigade: “His clear and engaging narrative keeps the reader entranced” (Thomas G. Clemens, editor of *The Maryland Campaign of 1862*).

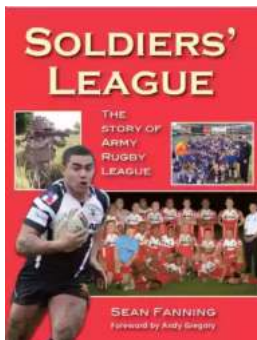

This storied brigade was first led by Lawrence Branch, and then by James Henry Lane, and served with Lee’s Army of Northern Virginia for its entire existence. These Tar Heels fought in nearly every major battle in the Eastern Theater, including the Seven Days’ Battles, Second Manassas, Sharpsburg (where Branch was killed), Fredericksburg, Chancellorsville (where its members mistakenly shot Stonewall Jackson), Gettysburg (including Pickett’s Charge), the Wilderness, Spotsylvania, North Anna, Cold Harbor, the Petersburg Campaign, and the final retreat to Appomattox.

Originally part of A. P. Hill’s famous “Light Division,” the brigade earned high plaudits for its disciplined defensive efforts, hard-hitting attacks, and incredible marching abilities. Its heavy combat exposure, however, resulted in devastating losses. By war’s end, its roll call of casualties far exceeded its number of

survivors.

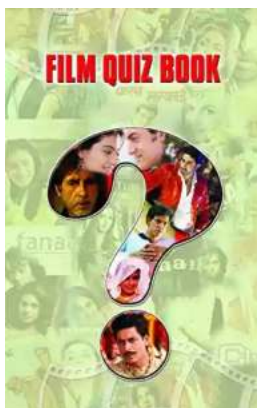

Michael Hardy's *General Lee's Immortals* is based upon years of study and grounded on an impressive foundation of sources, which allows the men to speak for themselves as they describe their time in camp, endless hardships, long marches, bloody battles, increasing hunger, and much more. In addition to a dozen original maps, *General Lee's Immortals* also includes scores of rare photos — many of which were previously unpublished — all of which enhance this well-written and engrossing account.

“Combining rigorous research and an innovative organization, *General Lee's Immortals* demonstrates what an exceptional unit history can teach us about the Civil War.” —The Civil War Monitor
