Imagine for a moment a perfect sandy beach, the deep blue Mediterranean Sea, and a warm breeze gently blowing. If this sounds like the greatest romantic setting you can think of for the most important day of your life - then Protaras is where you should be getting married.

More and more couples are choosing the "island of love" for their wedding, and there are lots of reasons why. Not least because weddings in Cyprus can be up to £10,000 cheaper than a similar wedding arranged in the United Kingdom.

However, planning this special day from a distance can be a little stressful at times. For example, how do you know that you are getting reliable suppliers, and what legal paperwork needs to be completed to ensure your wedding is formally recognized back home in the UK or Ireland?

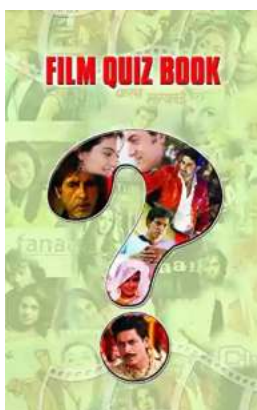

Craig Beck LSWPP is one of the most sought after professional wedding photographers based on the idyllic island of Cyprus. For over a decade, he has been shooting magical destination weddings here in paradise. In this invaluable book, he will guide you through the whole process of planning your own perfect day in Protaras:

- Preparing the paperwork
- Selecting the venue
- Working with wedding planners or going it alone
- Picking your perfect wedding cake
- What to look for when booking a wedding photographer
- Seven pitfalls of Protaras weddings that are easily avoided
- How to get the wedding of your dreams on a budget
- And much more....
