This is kind of a mixed guide as some of these spas and escapes I've been able to visit from home or while staying with family so there may not be a hotel option whereas normally my guides always include a hotel, spa, sight and restaurant (but only when I've found one up to my standards!) This is because I used to get extremely burned out in my old job and so, when I did take time off I couldn't even handle finding and booking a hotel and flight or finding what to do. So, I thought "wouldn't it be awesome if someone would write a guide that just gave you one perfect escape; the perfect hotel, spa, flight and restaurant." So that's what I did.
