Sex, lies, and broken promises are what she carried around in her purse. This was what she had, so it's what she gave to the men who crossed her path. As an independent woman who didn't need a man, Laurah had no clue what it really meant to be in a relationship, or what a man's true value was. The trifecta of an absentee father, combined with chaotic dating experiences, and being raised by a single mother, contributed to her toxic independent woman mindset. After multiple failed relationships and a cancelled wedding, she wondered: Can an "independent woman" truly have a successful union with a man or would she have to change? Join her on the journey of emotional truth and healing as she learns to love herself, and a man, for more than what's in his wallet.
