

# We Have Great Relationship If It Weren't For You - An Unconventional Love Story

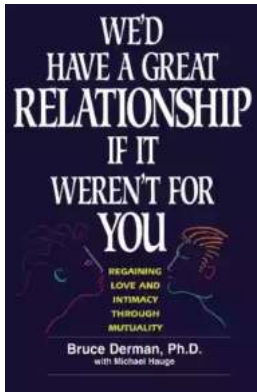

## The Beginning

Love is a multifaceted and complex emotion. It can bring people together, fill hearts with joy, and create lasting bonds. But what happens when that love is challenged by circumstances outside of one's control? This is the story of a relationship that defies convention and tests the strength of love and commitment.

## Meeting Against All Odds

It all began on a cold winter night in a crowded coffee shop. Sarah and Mark, two strangers, found themselves seated next to each other. As they struck up a

conversation, they quickly realized their shared passions for adventure and travel. They knew they had stumbled upon something special.

## **The Connection Deepens**

As their relationship blossomed, Sarah and Mark discovered that they had undeniable chemistry. They laughed together, shared secrets, and challenged each other to grow. Their love became a force that was unbreakable, or so they thought.

## **Distance Makes the Heart Grow Fonder?**

Unfortunately, life had different plans for Sarah and Mark. Through unforeseen circumstances, they found themselves living on opposite sides of the world. Separated by thousands of miles, maintaining their relationship became a daunting task.

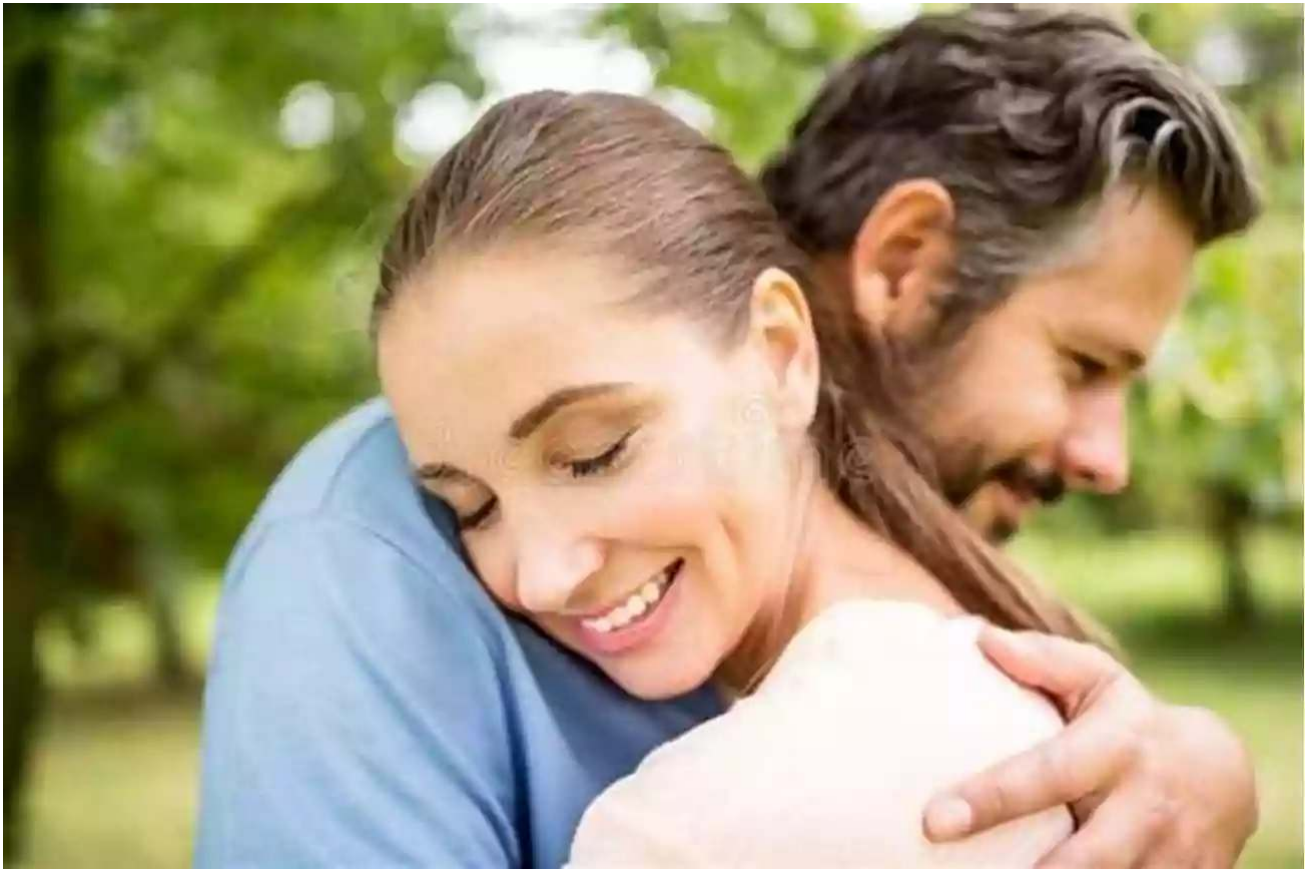

## **The Struggles**

The challenges of a long-distance relationship began to take their toll. The once seamless connection was now strained by time zone differences, lack of physical presence, and the inability to share everyday experiences. Doubts and insecurities started to creep in.

## **Love Conquers All**

Despite the hurdles, Sarah and Mark refused to give up on their love. They knew that true relationships require effort, sacrifice, and compromise. They embraced technology as their ally and made the most out of their virtual encounters. Late-night calls, heartfelt letters, and surprise visits became the norm.

## **A Reunion of Love**

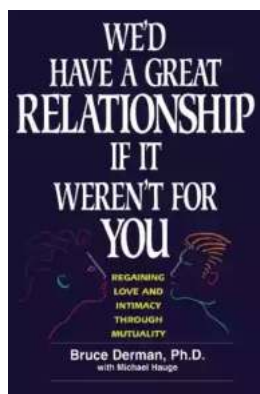

After what felt like an eternity, the day of reunion finally arrived. Sarah and Mark found themselves in each other's arms again, their love stronger than ever

before. The challenges they faced had only served to solidify their bond.

## Appreciating the Journey

Sarah and Mark now look back on their unconventional love story with gratitude. While their relationship took an unexpected turn, it taught them important lessons about communication, trust, and the power of love. They believe that their relationship is stronger because of the distance they endured together.

Love knows no boundaries, and it certainly doesn't conform to societal norms. Sarah and Mark's story is a reminder that true love is worth fighting for, even in the face of seemingly insurmountable obstacles. Their unconventional journey has shown them that they have a great relationship, if it weren't for the challenges they faced along the way.

All intimate relationships that are painful, chaotic or stuck have one thing in common: the partners involved focus on their differences to prove that "one of us is better than the other." To protect themselves from the fear and vulnerability of

greater intimacy, they sacrifice their love, passion and closeness in order to validate their images of superiority or inferiority.

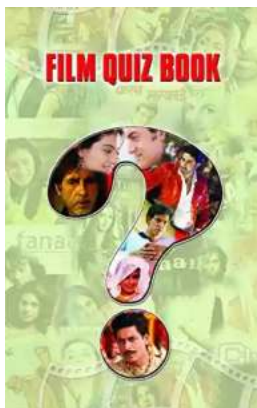

Finally there is a book which helps couples move beneath their surface differences in order to recognize this basic truth: in any committed relationship, both partners are the same - absolutely equal in their capacity for love and intimacy.

With clarity, wit and vivid examples, "We'd Have a Great Relationship If It Weren't For You" shows how this innovative process of mutuality can replace drama and distance with lightness and joining, can greatly reduce the possibility of divorce, and can transform restrictive sex lives into ones that are expansive and free. By challenging couples to see themselves in a whole new way, this dynamic book can lead relationships out of the divisive, judgmental thinking of the difference game and into greater acceptance, passion, satisfaction and fulfillment.
